## Points of interest

- Cars were not always built in strict chassis number order. Not all chassis numbers in the full sequence were used, but were used in batches, as shown:

Drive	First chassis number	Last chassis number
RHD	100000	100005
	100570	100759
	101325	101509
	102510	102834
	103710	104456
LHD	100010	100569
	100760	101324
	101510	101585
